5. Citizen Concerns: Frank Philips discussed the Timber rattlesnake issues due to the brush and debris piles on the Zerby property. The DNR recently removed and relocated 3 four foot long Timber Rattlesnakes from his neighbor's yard and were relocated. The concerns of the neighbors are the brush and debris piles on the Zerby property are creating additional habitat for rodents and drawing the snakes down off the bluff and into close contact with humans. The DNR estimates a den of 30-70 Timber Rattlesnakes are on the bluff but would need permission from the property owners for the DNR to investigate. Harley will contact the Village Attorney again as he hasn't heard back from him. John Krumm reported that he's been working on the Village Hall is going pretty well. Discussion was held on concerns regarding the request for a storage shed in the park; cost and vandalism concerns were voiced. Funding may be available for improvements in the village, more information will be coming.
